

WELDING SHIELD HAND

Face Protection

Durable hand-held face shield designed for eye and face protection during welding

Protective Safety

Why choose our WELDING SHIELD HAND?

- ✓ Ergonomic hand-held design for easy use in welding applications
- ✓ Durable black plastic housing provides essential heat and spark protection
- ✓ Integrated dark shade glass insert protects eyes from intense light
- ✓ Contoured shield shape offers wide coverage for the entire face
- ✓ Lightweight construction reduces user fatigue during manual operation
- ✓ Comfortable for Long Use – Suitable for extended welding operations
